1. This is an action for patent infringement arising under the laws of the United States, 35 U.S.C. section 1, *et seq.* Jurisdiction and venue in this district are based upon the provisions of 28 U.S.C. §§ 1331, 1338 (a), 35 U.S.C. § 281 and 28 U.S.C. §§ 1391 and 1400 (b).

**PARTIES**

2. Plaintiff Tesseract, Ltd. ("Tesseract") is an Ohio Limited Liability Company, with its place of business in Mainesville, Ohio.

3. Upon information and belief, Defendant Konica Minolta Business Solutions U.S.A., Inc. ("Konica Minolta U.S.A.") is a New York Corporation with its principal place of business at 101 Williams Drive, Ramsey, New Jersey, whose Statutory Agent is CSC-Lawyers Incorporating Service, 50 W. Broad St., Suite 1800 Columbus, Ohio 43215.

4. Upon information and belief, Defendant Konica Minolta Business Technologies, Inc. (Konica Minolta Technologies) is a company existing under the laws of Japan with its principal place of business at Marunouchi Center Building, 1-6-1 Marunouchi, Chiyoda-ku, Tokyo 100-0005, Japan.

5. Upon information and belief, Defendant Konica Minolta Holdings, Inc. ("Konica Minolta Holdings") is a company existing under the laws of Japan with its principal place of business at Marunouchi Center Building, 1-6-1 Marunouchi, Chiyoda-ku, Tokyo 100-0005, Japan.

6. Upon information and belief, Konica Minolta U.S.A. is a wholly owned subsidiary of Konica Minolta Holdings.

7. Upon information and belief, Konica Minolta Technologies is a wholly owned subsidiary of Konica Minolta Holdings.

8. Upon information and belief, Defendants Konica Minolta U.S.A., Konica Minolta Technologies, and Konica Minolta Holdings (collectively "Defendants") have done and continue to do business in this Judicial District.

9. Upon information and belief, Defendants make, use, sell, offer to sell and/or import for sale into the United States Konica Minolta C351, C450, C500 and C6500 variable-enabled printing systems, which utilize EFI Fiery and/or Creo variable enabled printer controllers.

**FIRST CLAIM FOR RELIEF FOR INFRINGEMENT  
OF UNITED STATES PATENT NO. 5,729,665**

10. Tessonon incorporates by reference Paragraphs 1 through 9 of the Complaint as if fully rewritten herein.

11. On March 17, 1998, United States Patent No. 5,729,665 ("the '665 patent") entitled "Method of Utilizing Variable Data Fields with a Page Description Language" was duly and legally issued to Varis Corporation. A true and correct copy of the '665 patent is attached as Tessonon's Exhibit 1 to the Complaint and incorporated herein by reference.

12. On May 24, 2001, the '665 patent was assigned from Varis Corporation to Tessonon. Said assignment was duly recorded in the U.S. Patent and Trademark Office on July 2, 2001 at reel/frame 011944/0233. A true and correct copy of the duly executed assignment document is attached as Tessonon's Exhibit 2 to the Complaint and incorporated herein by reference.

13. Upon information and belief, Defendants have infringed and continue to infringe, have actively induced and currently are actively inducing others to infringe, and/or have contributorily infringed and currently are contributorily infringing at least one claim of the '665 patent in the United States by making, using, selling, offering to sell and/or importing for sale into the United States products that embody the inventions described and claimed in the '665

patent, including but not limited to making, using, selling, offering to sell and/or importing for sale into the United States the Konica Minolta C351, C450, C500 and C6500 variable-enabled printing systems, which utilize EFI Fiery and/or Creo variable enabled printer controllers.

14. Defendants were first placed on notice by Tesson of the '665 patent by a letter dated September 11, 2002, and addressed to Mr. Yasua Matsumoto. A true and correct copy of the September 11, 2002 letter is attached as Tesson's Exhibit 3 to the Complaint and incorporated herein by reference.

15. Upon information and belief, Defendants' infringement of claim(s) of the '665 patent has been willful, deliberate and in conscious disregard of Tesson's rights, making this an exceptional case within the meaning of 35 U.S.C. § 285.

16. As a result of Defendants' actions, Tesson has suffered and continues to suffer substantial injury, including irreparable injury and damages, including loss of sales and profits, which Tesson would have made but for the infringement by Defendants, unless Defendants are preliminarily and/or permanently enjoined by this Court.

**SECOND CLAIM FOR RELIEF FOR INFRINGEMENT  
OF UNITED STATES PATENT NO. 5,937,153**

17. Tesson incorporates by reference Paragraphs 1 through 16 of the Complaint as if fully rewritten herein.

18. On August 10, 1999, United States Patent No. 5,937,153 ("the '153 patent") entitled "Method of Utilizing Variable Data Fields with a Page Description Language" was duly and legally issued to Varis Corporation. A true and correct copy of the '153 patent is attached as Tesson's Exhibit 4 to the Complaint and incorporated herein by reference.

19. On May 24, 2001, the '153 patent was assigned from Varis Corporation to Tesson. Said assignment was duly recorded in the U.S. Patent and Trademark Office on July 2, 2001 at reel/frame 011944/0233. A true and correct copy of the duly executed assignment document is attached as Tesson's Exhibit 2 to the Complaint and incorporated herein by reference.

20. Upon information and belief, Defendants have infringed and continue to infringe, have actively induced and currently are actively inducing others to infringe, and/or have contributorily infringed and currently are contributorily infringing at least one claim of the '665 patent in the United States by making, using, selling, offering to sell and/or importing for sale into the United States products that embody the inventions described and claimed in the '153 patent, including but not limited to making, using, selling, offering to sell and/or importing for sale into the United States the Konica Minolta C351, C450, C500 and C6500 variable-enabled printing systems, which utilize EFI Fiery and/or Creo variable enabled printer controllers.

21. Defendants were first placed on notice by Tesson of the '153 patent by a letter dated September 11, 2002, and addressed to Mr. Yasua Matsumoto. A true and correct copy of the September 11, 2002 letter is attached as Tesson's Exhibit 3 to the Complaint and incorporated herein by reference.

22. Upon information and belief, Defendants' infringement of claim(s) of the '153 patent has been willful, deliberate and in conscious disregard of Tesson's rights, making this an exceptional case within the meaning of 35 U.S.C. § 285.

23. As a result of Defendants' actions, Tesson has suffered and continues to suffer substantial injury, including irreparable injury and damages, including loss of sales and profits, which Tesson would have made but for the infringement by Defendants, unless Defendants are preliminarily and/or permanently enjoined by this Court.

**THIRD CLAIM FOR RELIEF FOR INFRINGEMENT  
OF UNITED STATES PATENT NO. 6,209,010 B1**

24. Tessonon incorporates by reference Paragraphs 1 through 23 of the Complaint as if fully rewritten herein.

25. On March 27, 2001, United States Patent No. 6,209,010 B1 ("the '010 patent") entitled "Computer Implemented Method for Wrapping Data to an Arbitrary Path Defined by a Page Description Language" was duly and legally issued to Varis Corporation. A true and correct copy of the '010 patent is attached as Tessonon's Exhibit 5 to the Complaint and incorporated herein by reference.

26. On May 24, 2001, the '010 patent was assigned from Varis Corporation to Tessonon. Said assignment was duly recorded in the U.S. Patent and Trademark Office on July 2, 2001 at reel/frame 011944/0233. A true and correct copy of the duly executed assignment document is attached as Tessonon's Exhibit 2 to the Complaint and incorporated herein by reference.

27. Upon information and belief, Defendants have infringed and continue to infringe, have actively induced and currently are actively inducing others to infringe, and/or have contributorily infringed and currently are contributorily infringing at least one claim of the '010 patent in the United States by making, using, selling, offering to sell and/or importing for sale into the United States products that embody the inventions described and claimed in the '665 patent, including but not limited to making, using, selling, offering to sell and/or importing for sale into the United States the Konica Minolta C500 and C6500 variable-enabled printing systems, which utilize Creo variable enabled printer controllers.

28. Defendants were first placed on notice by Tesser on of the '010 patent by a letter dated September 11, 2002, and addressed to Mr. Yasua Matsumoto. A true and correct copy of the September 11, 2002 letter is attached as Tesser on's Exhibit 3 to the Complaint and incorporated herein by reference.

29. Upon information and belief, Defendants' infringement of claim(s) of the '010 patent has been willful, deliberate and in conscious disregard of Tesser on's rights, making this an exceptional case within the meaning of 35 U.S.C. § 285.

30. As a result of Defendants' actions, Tesser on has suffered and continues to suffer substantial injury, including irreparable injury and damages, including loss of sales and profits, which Tesser on would have made but for the infringement by Defendants, unless Defendants are preliminarily and/or permanently enjoined by this Court.

**FOURTH CLAIM FOR RELIEF FOR INFRINGEMENT  
OF UNITED STATES PATENT NO. 6,381,028 B1**

31. Tesser on incorporates by reference Paragraphs 1 through 30 of the Complaint as if fully rewritten herein.

32. On April 30, 2002, United States Patent No. 6,381,028 B1 ("the '028 patent") entitled "Method of Utilizing Variable Data Fields with a Page Description Language" was duly and legally issued to Tesser on. A true and correct copy of the '028 patent is attached as Tesser on's Exhibit 6 to the Complaint and incorporated herein by reference.

33. On May 24, 2001, the '028 patent (then pending application U.S. Ser. No. 09/299,502) was assigned from Varis Corporation to Tesser on. Said assignment was duly recorded in the U.S. Patent and Trademark Office on July 2, 2001 at reel/frame 011944/0233. A true and correct copy of the duly executed assignment document is attached as Tesser on's Exhibit 2 to the Complaint and incorporated herein by reference.

34. Upon information and belief, Defendants have infringed and continue to infringe, have actively induced and currently are actively inducing others to infringe, and/or have contributorily infringed and currently are contributorily infringing at least one claim of the '028 patent in the United States by making, using, selling, offering to sell and/or importing for sale into the United States products that embody the inventions described and claimed in the '028 patent, including but not limited to making, using, selling, offering to sell and/or importing for sale into the United States the Konica Minolta C351, C450, C500 and C6500 variable-enabled printing systems, which utilize EFI Fiery and/or Creo variable enabled printer controllers.

35. Defendants were first placed on notice by Tesson of the '028 patent by a letter dated September 11, 2002 and addressed to Mr. Yasua Matsumoto. A true and correct copy of the September 11, 2002 letter is attached as Tesson's Exhibit 3 to the Complaint and incorporated herein by reference.

36. Upon information and belief, Defendants' infringement of claim(s) of the '028 patent has been willful, deliberate and in conscious disregard of Tesson's rights, making this an exceptional case within the meaning of 35 U.S.C. § 285.

37. As a result of Defendants' actions, Tesson has suffered and continues to suffer substantial injury, including irreparable injury and damages, including loss of sales and profits, which Tesson would have made but for the infringement by Defendants, unless Defendants are preliminarily and/or permanently enjoined by this Court.

**FIFTH CLAIM FOR RELIEF FOR INFRINGEMENT  
OF UNITED STATES PATENT NO. 6,487,568 B1**

38. Tesson incorporates by reference Paragraphs 1 through 37 of the Complaint as if fully rewritten herein.

39. On November 26, 2002, United States Patent No. 6,487,568 B1 (“the ‘568 patent”) entitled “Computer Implemented Method for Wrapping Data to an Arbitrary Path Defined by a Page Description Language” was duly and legally issued to Tesson. A true and correct copy of the ‘568 patent is attached as Tesson’s Exhibit 7 to the Complaint and incorporated herein by reference.

40. On May 24, 2001, the ‘568 patent (then pending application U.S. Ser. No. 09/299,502) was assigned from Varis Corporation to Tesson. 52. Upon information and belief, Defendants' infringement of claim(s) of the '325 patent has been willful, deliberate and in conscious disregard of Tesson's rights, making this an exceptional case within the meaning of 35 U.S.C. § 285.

53. As a result of Defendants' actions, Tesseron has suffered and continues to suffer substantial injury, including irreparable injury and damages, including loss of sales and profits, which Tesseron would have made but for the infringement by Defendants, unless Defendants are preliminarily and/or permanently enjoined by this Court.

**SEVENTH CLAIM FOR RELIEF FOR INFRINGEMENT  
OF UNITED STATES PATENT NO. 6,687,016 B2**

54. Tesseron incorporates by reference Paragraphs 1 through 53 of the Complaint as if fully rewritten herein.

55. On February 3, 2004, United States Patent No. 6,687,016 B2 ("the '016 patent") entitled "Method of Utilizing Variable Data Fields with a Page Description Language" was duly and legally issued to Tesseron. A true and correct copy of the '016 patent is attached as Tesseron's Exhibit 12 to the Complaint and incorporated herein by reference.

56. On May 24, 2001, the '016 patent (as a yet un-filed continuation of the '153 and '028 patents) was assigned from Varis Corporation to Tesseron. Said assignment was duly recorded in the U.S. Patent and Trademark Office on July 2, 2001 at reel/frame 011944/0233. A true and correct copy of the duly executed assignment document is attached as Tesseron's Exhibit 2 to the Complaint and incorporated herein by reference.

57. Upon information and belief, Defendants have infringed and continue to infringe, have actively induced and currently are actively inducing others to infringe, and/or have contributorily infringed and currently are contributorily infringing at least one claim of the '016 patent in the United States by making, using, selling, offering to sell and/or importing for sale into the United States products that embody the inventions described and claimed in the '016

patent, including but not limited to making, using, selling, offering to sell and/or importing for sale into the United States the Konica Minolta C351, C450, C500 and C6500 variable-enabled printing systems, which utilize EFI Fiery and/or Creo variable enabled printer controllers.

58. Defendants were first placed on notice by Tessonon of the '325 patent by a letter dated April 18, 2005 and addressed to Joseph M. Bonassar. A true and correct copy of the April 18, 2005 letter is attached as Tessonon's Exhibit 10 to the Complaint and incorporated herein by reference.

59. The U.S. patent application for the '016 patent was published by the U.S. Patent and Trademark Office on July 11, 2002 as US 2002/0089681 A1 ("the '681 published application"). A true and correct copy of the '681 published application is attached as Tessonon's Exhibit 13 to the Complaint and incorporated herein by reference.

60. Defendants were first placed on notice by Tessonon of the '681 published application by a letter dated September 11, 2002 and addressed to Mr. Yasua Matsumoto. A true and correct copy of the September 11, 2002 letter is attached as Tessonon's Exhibit 3 to the Complaint and incorporated herein by reference.

61. Upon information and belief, Defendants' infringement of claim(s) of the '016 patent has been willful, deliberate and in conscious disregard of Tessonon's rights, making this an exceptional case within the meaning of 35 U.S.C. § 285.

62. As a result of Defendants' actions, Tessonon has suffered and continues to suffer substantial injury, including irreparable injury and damages, including loss of sales and profits, which Tessonon would have made but for the infringement by Defendants, unless Defendants are preliminarily and/or permanently enjoined by this Court.

**EIGHTH CLAIM FOR RELIEF FOR INFRINGEMENT  
OF UNITED STATES PATENT NO. 6,771,387 B2**

63. Tessonon incorporates by reference Paragraphs 1 through 62 of the Complaint as if fully rewritten herein.

64. On August 3, 2004, United States Patent No. 6,771,387 B2 ("the '387 patent") entitled "Method of Utilizing Variable Data Fields with a Page Description Language" was duly and legally issued to Tessonon. A true and correct copy of the '387 patent is attached as Tessonon's Exhibit 14 to the Complaint and incorporated herein by reference.

65. On May 24, 2001, the '387 patent (as a yet un-filed continuation of the '153 and '028 patents) was assigned from Varis Corporation to Tessonon. Said assignment was duly recorded in the U.S. Patent and Trademark Office on July 2, 2001 at reel/frame 011944/0233. A true and correct copy of the duly executed assignment document is attached as Tessonon's Exhibit 2 to the Complaint and incorporated herein by reference.

66. Upon information and belief, Defendants have infringed and continue to infringe, have actively induced and currently are actively inducing others to infringe, and/or have contributorily infringed and currently are contributorily infringing at least one claim of the '387 patent in the United States by making, using, selling, offering to sell and/or importing for sale into the United States products that embody the inventions described and claimed in the '387 patent, including but not limited to making, using, selling, offering to sell and/or importing for sale into the United States the Konica Minolta C500 and C6500 variable-enabled printing systems, which utilize Creo variable enabled printer controllers.

67. The U.S. patent application for the '387 patent was published by the U.S. Patent and Trademark Office on September 5, 2002 as US 2002/122205 A1 ("the '205 published application"). A true and correct copy of the '205 published application is attached as Tessonon's Exhibit 15 to the Complaint and incorporated herein by reference.

68. Defendants were first placed on notice by Tesser on of the '205 published application by a letter dated September 11, 2002, and addressed to Mr. Yasua Matsumoto. A true and correct copy of the September 11, 2002 letter is attached as Tesser on's Exhibit 3 to the Complaint and incorporated herein by reference.

69. Upon information and belief, Defendants' infringement of claim(s) of the '205 patent has been willful, deliberate and in conscious disregard of Tesser on's rights, making this an exceptional case within the meaning of 35 U.S.C. § 285.

70. As a result of Defendants' actions, Tesser on has suffered and continues to suffer substantial injury, including irreparable injury and damages, including loss of sales and profits, which Tesser on would have made but for the infringement by Defendants, unless Defendants are preliminarily and/or permanently enjoined by this Court.

#### **DEMAND FOR JUDGMENT**

WHEREFORE, Tesser on prays for judgment as follows:

1. That Defendants be declared and adjudged to have infringed, actively induced others to infringe, and/or contributorily infringed claim(s) of United States Patent No. 5,729,665.
2. That Defendants, their agents, sales representatives, distributors, servants and employees, attorneys, affiliates, subsidiaries, successors and assigns, and any and all persons or entities acting at, through, under or in active concert or in participation with any or all of them, be enjoined and restrained preliminarily and permanently, from infringing, actively inducing others to infringe, and/or contributorily infringing claim(s) of United States Patent No. 5,729,665.
3. An accounting be had for the profits and other damages arising out of Defendants' infringement of United States Patent No. 5,729,665, and that the damages be trebled pursuant to 35 U.S.C. § 284 for the willful acts of infringement complained of herein and awarded to

Tesseron, together with prejudgment and post-judgment interest.
